

Accessibility Options for Bell Cell Phone Users

Bell Mobility offers **promotions and discounts** to people living with a disability, including speech, cognition, hearing, vision, and physical disabilities.

This list includes **aphasia**.

Cell Phone Options:

Bell offers free **2BG ad-on of data**. This allows you to make more video calls, maps, and use other apps to help with everyday life.

This is an ad-on feature, meaning you must have a minimum of **1 GB of data** on your plan already.

Home Phone Options:

Your Speech-Language Pathologist can help you with an application to get this data increase on your phone.
